Personal Summary

I am a Junior Developer with a background in web application development. I'm driven by a strong desire to build technology that champions innovation at its finest. In today's rapidly evolving world, I believe it's paramount to create solutions that not only makes new ideas but also make a big impact in the tech around. My mission is to contribute to out-of-the-box development focused on ensuring to make a futuristic and an innovative world we all desire to see.

Experience

Advertisement Designer

June 2024 - Present

Dr. Padmajothi Homeo Clinic

I design most advertisement drafts and finalized editions such as banners, business cards, posters, social media advertisement videos/campaigns, and websites. I use these to advertise my mother's homeopathy clinic.

Founder/CEO and Creator

Apr 2024 - Present

Techure (Future Learning App)

I am the current founder/chief executive officer and creator of my own startup, Techure (Startup Company) focused on teaching about preparing for the future to most children out there.

Lead Developer

Oct 2024 - Present

GrowUp (Startup Company)

I am the lead developer of the GrowUp platform which is developed to connect budding entrepreneurs with global venture capitalists or investors. I've made the website and the whole social media network for the company as of now.

Founder and Creator

Mar 2025 - Present

Qookly (AI SuperApp)

I am the current founder and the creator of my new project "Qookly", which is an AI SuperApp having all the generators and apps of what you need including voice cloning, music generation, and all the AI tasks you want to do, all in one single SuperApp.

Introduction to Calculus (Normal and Advanced)

University of Sydney
(Coursera Website)
4th April-present

AI Mastermind in 2 Days Online Training Course

Outskill Institute (Online)
4th-6th October 2025
